When sending your quilt place a safety pin in the top center edge of the quilt top. Do the same on the quilt backing. This will eliminate any possibility of your quilt top and backing being put together with the wrong edges. When using a directional backing material be sure the in is in the top of how you want your backing fabric to be quilted to the quilt top.

Place the following in a plastic bag that is able to be tied, like an oversized trash bag, and then place in a secure box. This will eliminate any possibility of your quilt top/backing from soiled during shipping:

- Quilt Top
- Quilt Backing
- Signed/dated work order form
- Signed/dated shipping forms
- Deposit

If this page is not included with your shipment, your quilt will not be started until it is received. It is your responsibility to insure your quilt top when you send it. You be contacted upon it's arrival at the Quilted Heart and More. The Quilted Heart and More will insure your quilt when shipping it back to you. The Quilted Heart and More is not responsible for any quilts or the sum of its parts lost during shipping to or from the store.
